

Abbey Wood Grange Day Nursery

Camera, Mobile Phones and Recording Device Use

We ensure that any photographs or recordings taken of your children in our nursery are only done with prior written permission from each child's parent. This is gained when each child is registered and is updated on a regular basis to ensure that this permission still stands.

We ask individual permissions for photographs and video recordings for each different use including, use in the child's Tapestry learning journey, for display purposes, for promotion materials including our nursery website and brochure and to use in local press. We ensure that parents understand that their child may also be on another photograph, but not as the primary person, that may be used in another child's learning journey with their face blocked out.

If a parent is not happy about one or more of these uses then the nursery will respect their wishes and find alternative ways of recording their child's play or learning.

Staff are not permitted to take photographs or recordings of a child on their own cameras, mobiles or other devices and only use those provided by the nursery. The nursery manager will monitor all photographs and recordings to ensure that the parent's wishes are adhered to. Images are kept for 3 months only then deleted.

Parents are not permitted to use any recording device or camera (including those on mobile phones) on the nursery premises without prior consent of the manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. In this case individual permission will be asked for each child before the event. This will ensure photographs are taken in line with parental choice.
